

Half-Day Seminar on Lift Life Cycle and Technical Visit to EITA-Schneider Test Tower, Factory & RnD Department

HRDF Claimable

Date : 1st March 2021
Venue : EITA-Schneider, Lot 98218, Jalan Astana 1/KU2,
 Bandar Bukit Raja, 41500 Klang, Selangor
Time : 9.00 a.m – 3.00 p.m
Organized by: IEM Training Centre Sdn Bhd & EITA-Schneider Sdn Bhd

SYNOPSIS

EITA-Schneider is one of the leading manufacturers of elevators, in South East Asia. EITA-Schneider was founded in 1998 in Kuala Lumpur, Malaysia while its holding company Eita Resources Berhad was listed on the Main Board of Kuala Lumpur Stock Exchange (KLSE) on 9th April 2012.

EITA-Schneider specializes in vertical transportation system. The products are designed and rigorously tested for safety, comfort, efficiency and reliability. Besides that, ISO9001:2008, OSHAS18001:2007 and TUV Certification is a testimony of our commitment to product quality and compliance to the highest safety standards that has gained us trust over the years.

EITA-Schneider provides complete and innovative solutions for design, manufacture, installation, maintenance and upgrading old elevator system for almost every type of building requirement.

EITA-Schneider landmark new test tower stands at 90 meters and is set to become one of the tallest test towers in South East Asia. The new test tower demonstrates EITA-Schneider strong commitment to developing R&D in elevator technology. The test tower consists of 4 shafts will be used to test, certify, research and development activities for elevators in mid- and high-rise buildings.

With innovative engineering vision and to be more creative in our system, EITA-Schneider have gone beyond boundaries and the tower will enable the testing of new solutions to met global demands and expectation in elevator equipment.

TENTATIVE ITINERARY

Time	Itinerary
8.30am - 9.00am	Registration at EITA-Schneider
9.00am - 10.30am	Module 1: Traffic calculation Module 2: Installation, commissioning and CF
10.30am – 10.45am	Tea Breaks
10.45am – 1.00pm	Module 3: Maintenance, Repair and law compliance. Module 4: Modernization to extend the lift life span
1.00pm – 2.00pm	Lunch Break
2.00pm - 2.15pm	Safety briefing
2.15pm – 3.00pm	Visit to lift Test Tower
3.00pm	End

WHO SHOULD ATTEND?

1. Engineers & Architects involved in designing buildings
2. Building owners / developers
3. Persons who are responsible for the safety of the building and its occupants

At the end of the seminar, participants will have a brief idea on lift design requirement, various lift components, maintenance criteria, law compliance and factors to consider on modernization of a lift.

KEY COURSE INSTRUCTOR

Ir. Lee Wei Jye

Member of IEM. Register with BEM as Professional Engineer with Practising Certificate. Holder of Master in Business Administration (Heriot Watt University).

Lift Competent Person Grade 1 (JKKP). Train the Trainer Cert (HRDF / MIM).

30 years of working experience in Elevator and Escalator Industry. Work experience include design, installation, operation, maintenance, repair and modernization.

Active member in MALEA (The Malaysia Lift and Escalator Association).

NUMBER OF PARTICIPANTS

Limited to 40 pax per session
